13	Would be great if Hockey Can could get some more media coverage of their side of the story	9/14/2022 9:39 PM
14	It was very well explained and visually broken down. I will print these pages to include as info for our MH Board members	9/14/2022 9:24 PM
15	Very clear explanation and makes sense	9/14/2022 7:51 PM
16	Just a concern why it was brought forward after the scandals came out. If it has been going on since the 3 it explained should have come out then. Businesses/companies say they have funding put away in case of a death on the job.	9/14/2022 4:55 PM

1	Similar to last year	9/26/2022 9:02 PM
2	Senior hockey in our league is healthy.	9/26/2022 3:17 PM
3	About the same but we always lose numbers in our U15-18 due to AA, AAA & female hockey so it's a struggle to make a team.	9/25/2022 1:12 PM

17	It's lower than last year. We had 9 skaters and 1 goalie for our u15 team. Tried hard to get Cabri to come our way. They had 7 kids. We were going to split ice times through out the year. But they said the team in swift current was going to be better! Frustrating that happened. Also have no u13 girls team this year due to girls making U13aa team. Short Girls they went to swift current The part hurts about these situations is some of these kids are quitting hockey now with no team in gull lake.	9/23/2022 12:15 PM
18	Same	9/23/2022 11:31 AM

57	We have our first U15 team in years but not a U13. We always focus on recruiting new players why isn't there something for those players or families that have multiple players year after year would be nice to give them a break at some point especially with costs going up on equipment (yes there is cheaper gear) fuel, etc.	9/14/2022 4:55 PM

32	We hold fall and winter camps for player development. These are open to all players of our association and adjacent associations. As an addition this year we are holding a developing defenseman camp offered through SHA. Cost remains a deterrent for accessibility for all members of our association. We subsidize this cost as much as possible but are unable to offer for free. Our association offers equal opportunity to play, coach and officiate with male and female coaches, players and officials. Additionally, our association has developed a good relationship with adjacent first nation communities where they are welcome and encouraged to join our teams across all age divisions. Our coaching staff is comprised of male and female coaches with varying levels of experience from Intro to Coach to Development 1. The association pays for all coaching clinics and encourages coaches to be on-ice for all hockey camps brought into the association for player development for their own development as a coach.	9/18/2022 1:23 PM
33	Now that covid is hopefully behind us we plan to up our development once again with power skating coaches and camps. We are are also looking at longer practice times. We have always tried to keep our coaching staff educated and may look at changing a few roles around this season. I firmly believe in the past number of years we have done a good job of making our association as welcoming as possible.	9/18/2022 9:59 AM

community (family social activities), host association events (year end banquet and celebration), host Hockey Day in Wakaw, and we outfitted new members to the association with equipment last year; host skating/skills sessions and welcome guest coach to run practices to share with coaches different drills and approaches; we are hosting a coaching clinic in town to support our parents/volunteers becoming certified. We'll continue to work on things in all three areas with different plans/approaches.

43	A welcoming atmosphere is always important especially for newcomers. We have offered power skating and goalie specific ice times to develop players.	9/15/2022 10:40 AM
44	We are going to discuss these initiatives with coaches that will be working to make this happen	9/14/2022 9:39 PM

47	Yes, we have recruited new coaches who are known to be good either kids, instruction and a good balance of fun. We have declined to offer a few coaches the opportunity to come back due to negative feedback. We are partnering with the college to help with skills as well as mentoring	9/14/2022 7:51 PM
48	We have brought in skill coaches to different practices. We communicate with the coaches and see if we can purchase training stuff for practices to help. Being a small town team our players have played from U7 all the way up with the same teammates yes players change over time but the coaches have a strong relationship with there players. We have 3 females on the U15 team and they know they are an important part of the team and treated the same.	9/14/2022 4:55 PM
49	We have hired skills coaches for on ice player and coach development the past two years and are continuing this year. Also have hired goalie instructors to put on 4 sessions this season. This is all paid for by our minor hockey association. Last season was the first time we have had a U7 Jamboree, we have booked again for this season as we had lots of positive feed back.	9/14/2022 4:11 PM

1	It would be great if Hockey Sask would help the associations with a AA program a little more in the development of the AA females to help prepare them for AAA and help to recruit more female coaches and more non-parent coaches. The female futures and Sask First programs are definitely a start but it would be great if there were resources (or even help recruiting) to bring in trainers, nutritionists, skills coaches, etc to more of the teams individually.	9/26/2022 9:02 PM

18	As a small rural community, our younger age groups rely on all players boys and girls to make our teams up. We encourage female hockey however this requires our female players to play on both teams or to choose to play either. We also have discussions on half ice teams. For under 7 we find this beneficial but would love to see u9 and up back to full ice.	9/23/2022 11:31 AM

20	The process of registering or becoming an official is very challenging and difficult. It would be nice to go back to in class/ice only. It would also prevent the parents that are doing the modules for their kids, because that is happening more than we want to think.	9/23/2022 11:24 AM

23	We don't have any female teams due to being a small rural community and not having the numbers required but I think it would be a very positive thing to have a Junio Female League - it would give young girls the opportunity to play more competitive hockey if they desired.	9/23/2022 11:03 AM

57	<p>I find it a struggle transitioning refs from the cross ice hockey, half ice hockey to full ice. A lot lack confidence in making a call, not knowing where to be on the ice with the 2 refs 1 lines system, and then on top of that coaches getting mad, and then it gets worse. It's not just in our association it's all over the province. I coach at different levels (3 boys in hockey) and have played. I have been a ref in the past and may take it again to help our association with costs of refs, so I get the ear full too. How often are these refs actually checked in on and what feedback do they get for cross ice and half ice? Have someone evaluate and make sure these refs are reffing at the proper level. Yes they passed the clinic and are mentored but have an outside evaluator evaluate one game a year. Maybe you save a few from quitting. Unfortunately a lot of issues from this area. Players safety, coaches losing there cool etc. I understand they start somewhere too but we need to support them and help them succeed not fail and quit. How often do we see kids cutting grass getting yelled at by someone walking by? Another thing is why doesn't hockey Sask ever have a thank you event for your MHA associations get each association to send someone and have a gathering. Pre game gathering supper and VIP night at a pats game? This would be a great networking tool and social outing. Then you have contacts on these calls, and might be some discussion. They put in countless hours volunteering and are your foot soldiers and only a couple coaches get recognized at the year end. We always want more but it's time to pay it back to these people who do a lot of work especially when hockey is getting a black eye with what's going. These people are out promoting the game. Let's make it the "coolest" game once again. Anyways have a great season and look forward to a fun year at the rink. Thanks Brad</p>	9/14/2022 4:55 PM
58	Is there a reason Hockey Sask does not list a population for Emerald Park for provincial playoffs? There is a substantial amount of population missed when Prairie Storm is entering teams in Provincials.	9/14/2022 4:11 PM
