

• New rules for the 2024-25 season

Please note that editorial changes and corrections have been made throughout the Playing Rules. This lesson will only cover changes to the rules and how they should be applied.

Rule 2.2 (a)

New rule

 Teams may have a maximum of 20 players in uniform for any game (up to 18 skaters and 2 goaltenders)

What changed?

 Previously, only Junior, Senior, and U18AAA teams could have 20 players in uniform. All other teams were restricted to 19 players. Now, this rule is consistent across all divisions.

Rule 3.6 (d)

New rule

When a goaltender loses their helmet, facial protector, blocker or trapper,
 or skate blade, play will be stopped immediately, unless there is an
 imminent scoring chance that does not pose a safety risk to the goaltender.

- Addition of skate blade to this rule.
- The purpose of this rule is to ensure the safety of goaltenders

Rule 6.3 (e)(i)

New rule

 Any stoppage of play occurring in the end-zone as the result of the puck going out of play or being unplayable will result in the ensuing face-off taking place in that end-zone at the face-off spot nearest to where the puck was last legally played, regardless of whether the defending or attacking team causes the stoppage

- When the puck goes out of play or becomes unplayable in the end-zone, the face-off will remain in the end-zone.
- The purpose of this rule is to eliminate debate about correct face-off locations

Rule 7.1 (a)

New rule

- A double Minor penalty will be assessed to a player who commits any of the following acts with a minimal degree of violence and without using such an action to gain an advantage or inflict punishment or injury:
 - i. pulls an opponent's hair,
 - ii. grabs the facial protector, helmet, chin strap, or throat protector of an opponent,
 - iii. head-butts or attempts to head-butt an opponent.

- All actions must be penalized with a minimum double Minor penalty.
- The purpose of this rule is to have consistency with the Head Contact rule.

Rule 8.7

New rule

 Clipping, also known as a "low hit", is where a player uses their body to make contact at or below an opponent's hips. This may take the form of a player lowering their body prior to making a check or being checked.
Players may not crouch down to avoid being bodychecked.

- Clarification that a player who makes contact with an opponent anywhere below the hips should be penalized for Clipping.
- The purpose of this rule is to simplify the judgement officials must make for a clipping infraction.

Rule 8.8 (c)

New rule

 A Match penalty, at the discretion of the referee, based on the degree of violence of impact (including the impact with the ice, goal or boards) may be assessed to any player who slew-foots an opponent.

- Addition of the goal or boards as considerations for assessing a Match penalty.
- The purpose of this rule is to highlight dangerous outcomes and provide officials with additional guidance on slew-footing infractions.

Rule 10.2 (a)

New rule

 A hand pass occurs when a player makes a deliberate attempt to stop, knock down, or push the puck with their hand, and a teammate in the neutral or attacking zone gains control of the puck. This includes when a hand pass occurs and the puck deflects off any person or object, prior to the teammate gaining possession and control of the puck.

What changed?

 Clarification that a hand pass infraction must be the result of a deliberate action by the offending player, and that this rule applies even if the puck does not go in the direction intended by the player.

Rule 10.5 (a)

New rule

• A minor penalty will be assessed to any player who throws, shoots, or kicks a stick or any other object, anywhere on the ice.

- Addition of kicking a stick or any other object as a criteria under this rule.
- The purpose of this rule is to ensure that players cannot use their sticks or other objects to interfere or threaten to interfere with opposing players.

Officiating Emphasis 2024-25

Maltreatment - Rule 11.1

Maltreatment

Officials from coast to coast to coast continue to enforce the Maltreatment emphasis. Thank you to all of you for your commitment to this point of emphasis. Officials play a crucial role in Hockey Canada's belief that every person should have positive experiences in hockey.

This season, we are placing increased focus on Rule 11.1 – Unsportsmanlike Conduct and asking officials to be more diligent about assessing penalties under this rule.

Rule 11.1

Why Rule 11.1?

There has been a great deal of emphasis on Rule 11.5 – Discrimination over the last few years and officials are doing their best to enforce this.

But we need to improve our enforcement of Rule 11.1 -- Unsportsmanlike Conduct. Frequently, we see instances of unsportsmanlike conduct escalate into abusive or discriminatory behaviour.

Draw the line, so they don't cross it

Criteria for a penalty include, but are not limited to:

- Challenging or disputing an official's decision in an unsportsmanlike manner
- Use of derogatory language that may be offensive to any individual
- Any behaviour intended to incite an opponent into incurring a penalty

Rule 11.1

Consider the criteria for a penalty under Rule 11.1. As officials, what situations are 'grey areas' where we could simply give a warning, but could also increase our enforcement of Unsportsmanlike Conduct?

Challenging or disputing an official's decision in an unsportsmanlike manner

Use of derogatory language that may be offensive to any individual

Any behaviour intended to incite an opponent into incurring a penalty
